**Robin Bisgaard,
RN, MSN**

Registered Nurse
Intensive Care Nursery
UCSF Benioff Children's Hospital

About the PTBi Collaboratories

Working to reduce the burden of prematurity, the UCSF Preterm Birth Initiative (PTBi) is a multi-year, transdisciplinary, cross-sector, and precision health-focused research effort in California (PTBi-CA) and East Africa (PTBi-EA). PTBi unites researchers, clinicians, public health experts, and communities to collaboratively apply innovative ideas and approaches to the epidemic of prematurity – the leading cause of newborn deaths around the world.
