University of Wisconsin, Madison WI

Larry Rand, MD

Marc and Lynne Benioff Endowed Chair in Maternal Fetal Medicine
Director of Perinatal Services, Fetal Treatment Center
PI and Director, Calif Preterm Birth Initiative (PTBi-CA), UCSF

About the PTBi Collaboratories

Working to reduce the burden of prematurity, the UCSF Preterm Birth Initiative (PTBi) is a multi-year, transdisciplinary, cross-sector, and precision health-focused research effort in California (PTBi-CA) and East Africa (PTBi-EA). PTBi unites researchers, clinicians, public health experts, and communities to collaboratively apply innovative ideas and approaches to the epidemic of prematurity – the leading cause of newborn deaths around the world. Each Collaboratory features a unique group of speakers that lead discussions describing current knowledge, identifying gaps, and generating new solutions. Visit us at <http://pretermbirth.ucsf.edu>.
